

## Façade Improvement Grant Program

### **Purpose**

The purpose of the Façade Improvement Grant Program is to promote revitalization of properties in the Downtown Development Authority (DDA) District by providing financial assistance to building owners for improvement and maintenance to existing commercial and residential buildings. Financial assistance is made available to provide a visual impact on the exterior, thus improving the marketability of the overall area. The intent of this program is for building owners to take full advantage of assistance available and comply with full renovation programs.

### **Eligibility**

Owners of the buildings in the DDA District are eligible for financial assistance from the Saginaw DDA, to upgrade and rehabilitate the exterior façade of their buildings. Tenants may apply for assistance with the consent of the property owners. Only projects, which have not begun prior to being awarded, are eligible. This is a reimbursement grant, therefore, only after a project is paid for, will the grant money be given. All work must take place after the DDA board approved the award. Proof of payment must be shown, in order to receive a reimbursement. Financial assistance will only be available to those projects meeting eligibility requirements and preference will be given to projects that can be completed in a timely manner and make the most visual impact to the downtown area.

Eligible items may include:

- **Exterior Improvements** to the façade, including but not limited to, the following: changing exterior wall covering, landscaping, lighting, signs, canopies or awnings, screening of unsightly utilites and to a limited extent, paving of parking areas.
- **Exterior Maintenance** measures that improve the overall looks of the façade and insure the sustainability of exterior surfaces, such as cleaning, painting, tuck pointing, repairing, power washing, sand blasting, acid washing, window glazing, and caulking.

### **Scoring Criteria**

- The level of private investment utilized for the renovation. Applicants providing more than a 50% match will receive higher priority
- The potential impact the project will have on the surrounding area (visual prominence/significance)

- Whether the proposed improvements restore the historical character of the building
- The building's level of blight
- Whether the building is abandoned
- Improvements must be adjacent to a public space; however, priority is given to projects renovating multiple facades
- Whether the applicant has been awarded façade grants in the recent past

### **Funding**

The DDA has allocated \$35,000 collected from the 2 Mill Levy, for this program. All projects must be reviewed and approved by the DDA Board. Participants must expend private funds and then will be reimbursed for qualified expenditures up to, but not exceeding, 50 percent of eligible expenditures. There is no minimum or maximum amount. The award will be based on eligible spending and available funds.

The Façade Grant Program is ongoing from July 2019 to July 2020. Grants will be awarded at a first come first serve basis until all available funds have been given.
